strap

How to Make Your Puppet:

- Color your puppet.
- Cut out the strips on the right, but don't throw them away.
- Make a fold along each dotted line on the puppet's mouth. Fold the top and bottom dotted lines backward and then fold the mouth in half forward.
- Now cut out your puppet.
- Glue the straps on the back of your puppet's mouth. One strap arching over your fingers and the second over your thumb.

All done! Your puppet is ready to be played with! Have fun!
